EDUCATION

Stanford University	B.A. Psychology 1970
University of California, Berkeley	Teaching Certificate, Elementary 1971
Derner Institute of Advanced Psychological Studies, Adelphi University	Ph.D. Clinical Psychology 1986
Albert Einstein College of Medicine, Montefiore Medical Center Internship in Clinical Psychology	1981–1982
New York University Postdoctoral Program in Psychotherapy and Psychoanalysis	Certificate June 1995

PROFESSIONAL EXPERIENCE, Psychotherapy and Psychoanalysis

Private Practice of Psychotherapy and Psychoanalysis, 1987–present

Psychotherapy and psychoanalysis, adults, young adults, adolescents

Supervising Analyst, National Institute for the Psychotherapies, 2019–present

Adjunct Clinical Professor, Adelphi University, 1993–97; 2010–present

Supervision of psychotherapy for PhD candidates.

Instructor, New York University, School of Continuing Education, 1996.

Developed and taught course: Human Creativity: Its Essential Role in Identity Development.

PROFESSIONAL EXPERIENCE: Consultation and Research

Vice President, Strategic Frameworking, Inc., 1985–1991

Qualitative research and consultation to Fortune 500 companies. Assessed underlying psychological and motivational factors for use in strategic planning and communications. Translated psychological, child developmental, and psychoanalytic concepts for corporate executives.

Director of Program Development, Shoplifters Alternative, 1989–1993

Developed psychologically based curriculum for alternative sentencing programs for first time shoplifters. Presented master classes nationally for future use by local social workers and probation personnel.

Consultant, Pride of Judea Mental Health Center, 1988–1990

Co-principal investigator: Evaluated school-based suicide education and referral program throughout the borough of Queens, New York City.

Consultant, PRISM, Inc. (Public Relations in Science & Marketing), 1988

Developed patient questionnaire for physicians for detection of STDs and elucidation of behaviors which create greatest risk for STDs.

Research Scientist, Adolescent Study Unit, NY State Psychiatric Institute, 1985–1986

Interviewed families of completed and attempted adolescent suicides; assisted with comprehensive review of all existing prevention and postvention techniques for youth suicide; prepared grant proposal for nationwide evaluation of school-based suicide education (grant ultimately awarded by CDC).

Research Scientist, Albert Einstein College of Medicine, 1982–1985

Interviewed/diagnosed subjects, prepared and analyzed data for the Collaborative Study of Depression. Liaised with psychiatric inpatient & alcohol detox units from which subjects were drawn.

Research Assistant, Mt. Zion Hospital, San Francisco, CA, 1975–1977

Assisted with The Early Natural History of Childhood Psychosis Project.

PROFESSIONAL EXPERIENCE, Education

Special Education Teacher, East Bay Activity Center, Oakland Public Schools, Oakland, CA, 1971–1978

Developed and taught therapeutic and educational curricula for severely disturbed children combining milieu treatment and individualized learning. Consulted to teaching and counseling staff regarding educational and psycho-educational issues. Supervised graduate and undergraduate student interns and volunteers.

Instructor, Stevens Institute of Technology, Hoboken, NJ, Summer 1980

Developed and taught high school language skills curriculum in Upward Bound, a program for college bound, low income high school students.
